

This is to certify that
Darktrace Limited

Maurice Wilkes building, Cowley Road, Cambridge, CB4 0DS

Has been assessed
by Josiah Lekundayo for NCC Group PLC
against the Cyber Essentials Scheme Test Specification

Level of certification: Cyber Essentials

Scope: Darktrace Limited external facing infrastructure

Certification date: November 20th, 2018

Recommended re-assessment date: **November 19th, 2019**

Certificate no.: 4363451598413892

This Certificate confirms that the organisation named was assessed against the Cyber Essentials Requirements dated June 2014, and at the time of testing, the organisation's ICT defences were assessed to meet the Requirements. Cyber Essentials Certification indicates that the organisation has implemented a sensible baseline of organisational cyber security only, and implies no guarantee of effective defence against commodity cyber attacks circumventing this baseline. Organisations are recommended to define and understand the risks to their organisation and take all appropriate action to mitigate or reduce any issues, which may require a greater degree of rigour or technical investment than is required for Cyber Essentials alone.
